economics letters

Category index of volume 54

C Mathematical and Quantitative Methods

J. Coakley and F. Kulasi, Cointegration of long span saving and investment (C2) 1
J.D. Angrist, Conditional independence in sample selection models (C4) 103
L.N. Christofides, T. Stengos and R. Swidinsky, On the calculation of marginal effects in the bivariate probit model (C4) 203
W. Krämer and R. Runde, Chaos and the compass rose (C12)113
A.R. Fleissig, T. Kastens and D. Terrell, Semi-nonparametric estimates of substitution elasticities (C14)209
K. Gawande, Generated regressors in linear and nonlinear models (C20)119
A. Montañés, Level shifts, unit roots and misspecification of the breaking date (C22) 7
J.M.C. Santos Silva, Unobservables in count data models for on-site samples (C24)217
M.-j. Lee, A limited dependent variable model under median rationality (C24)221
A. Saha and L. Hilton, Expo-power: A flexible hazard function for duration data models (C41)227
J.J. Seater, An optimal control solution to the liquidity constraint problem (C61)127
S.-S. Yi, On the existence of a unique correlated equilibrium in Cournot oligopoly (C72)235
P. Manzini, Strategic wage bargaining with destructive power: the role of commitment (C78) 15

D Microeconomics

T.A. Dunn and J.W. Phillips, The timing and division of parental transfers to children (D1) 135
E. Ley, Optimal provision of public goods with altruistic individuals (D6) 23
B.U. Wigger, Consumption and wage taxes when household size matters (D11)139
C. Rodríguez-Palmero, A representation of acyclic preferences (D11)143
M. Peitz, Models à la Lancaster and à la Hotelling: when they are the same (D11)147
K. Kaivanto, An alternative model of pro-cyclical absenteeism (D13) 29
R.V. Burkhauser, A.D. Crews and M.C. Daly, Recounting winners and losers in the 1980s: A critique of income distribution measurement methodology (D31) 35
S.C. Parker and F.K. Siddiq, Seeking a comprehensive measure of economic well-being: Annuitisation versus capitalisation (D31)241
K. Basu, Why are so many goods priced to end in nine? And why this practice hurts the producers (D40) 41
A.I. Saracho, The diffusion of a durable embodied capital innovation (D42) 45
S. Svizzero, Cournot equilibrium with convex demand (D43)155
F. Branco, Sequential auctions with synergies: An example (D44)159
I.-G. Kim, Government procurement and asymmetric rebate auctions (D44)245
T. James and J. McHardy, Monopoly welfare losses and elasticity (D60)251
M.A. van Dijks and P.A.G. van Bergeijk, Resource misallocation and mark-up ratios: an alternative estimation technique for Harberger triangles (D61)165
J.-Y. Duclos, The asymptotic distribution of linear indices of inequality, progressivity and redistribution (D63) 51

E Macroeconomics and Monetary Economics

J. Kennes, Efficient search and recruiting: Choosing sides in matching games (E24) 59
T. Caporale and B. McKiernan, High and variable inflation: Further evidence on the Friedman hypothesis (E30) 65
W. Thorbecke and L. Coppock, Why good economic news depressed stock and bond prices in 1996 (E44)253

Elsevier Science S.A.

F International Economics

C.P. Fritsche and M. Wallace, Forecasting the exchange rate PPP versus a random walk (F31) 69

G Financial Economics

O. Sarig and E. Tolkowsky, Dividend effects in Israel: a puzzle (G15)169
J. Huther, An empirical test of the effect of board size on firm efficiency (G32)259
G. Huberman, Corporate risk management to reduce borrowing costs (G32)265

I Health, Education, and Welfare

A. Siow, Some evidence on the signalling role of research in academia (I2) 271

J Labor and Demographic Economics

M.D. Partridge and D.S. Rickman, Has the wage curve nullified the Harris–Todaro model? Further US evidence (J31)277

L Industrial Organization

T. Kawakami and Y. Yoshihiro, Collusion under financial constraints (L10)175
R. Faulí-Oller, On merger profitability in a Cournot setting (L11) 75
A. Irmen, Mark-up pricing and bilateral monopoly (L12)179

O Economic Development, Technological Change, and Growth

W.G. Park, A note on innovation and patent protection: Intertemporal imitation-risk smoothing (O31)185
Z. Eusufzai, The Kuznets hypothesis: An indirect test (O4) 81
G. Corneo and O. Jeanne, On relative wealth effects and the optimality of growth (O40) 87
F. Taskin and O. Zaim, Catching-up and innovation in high- and low-income countries (O47) 93

Q Agricultural and Natural Resource Economics

R.K. Pace, Performing large spatial regressions and autoregressions (R10)283
T. Nilssen, Sequential location when transportation costs are asymmetric (R32)191
